

# MichiCANS Supervisor Community of Practice (SCoP) Meetings

These meetings are for clinical supervisors and provide the opportunity to come together in a learning community with a focus on building practical skills to support meaningful use of MichiCANS across the state and at the organizational level.

SCoP meetings have a new topic each month. There are two options to join each month and the content will be the same for both options. We encourage supervisors to sign up for **one** SCoP each month.
